

BROTHERS

from DIFFERENT MOTHERS

Bare Minimum Technical Rider

The Brothers can adapt their act to fit the needs of the performance space as long as the details are discussed beforehand.

Space Needs

- Minimum of 12' deep by 16' wide stage or raised performance space, ideally bigger. (a modified version of the show can be performed in an 8' x 12' space)
- 12' high or greater ceilings (a modified version of the show can be performed with 9' ceilings)
- There needs to be a way for audience members to get onstage; stairs, ledge, etc.

Sound Needs

- The Brothers have their own microphones that they will patch into the house P.A.
- Four XLR inputs
- The person introducing the Brothers will need their own microphone.
- The Brothers may be able to provide their own sound system if needed

Showtime

- The Brothers will not perform during dinner and it is best to wait until after dessert has been served.
- Please instruct the wait staff to only be serving drinks and not clearing tables or walking in front of the audience.

Backstage Needs

- The Brothers need a space to change and access to a bathroom

Misc.

- Six Bottles of water
- Coffee before performance (we're from Seattle)

Introduction

Note: Please make sure the stage is clear of any podiums or things that might interfere with the Brother's performance before you begin the introduction.

Note: Please refrain from touching the Brothers' equipment.

Note: If the audience is sitting in circular seats please have them turn their chairs and attentions towards the stage.
PLEASE DO THIS BEFORE THE INTRODUCTION!

Introduction

I am really excited about tonight's/today's entertainment. They were voted Seattle's Funniest Comedy Team, are two time Guinness World Record holders and were featured on the television show America's Got Talent. They have performed for presidential candidates and also overseas for our troops. Ladies and Gentlemen please give a loud round of applause for two very funny men, the **BROTHERS FROM DIFFERENT MOTHERS.**
